Sub:- Appology letter for short attendance  
due to illness

Respected Sir,

Sir I am a student of B.Tech  
civil engineering 3rd year student. As you know  
my attendance are below than 75% due to  
my illness.

I can assure you that before  
the end term exam I will boost my attendance  
percentage more than 75%. So, please allow me  
for this time.

I hope and pray that you would  
be kind enough to grant my prayers and  
oblige thereby. Thanking you.

Date :- 06/02/2024.

Subject :- Application for not attending the classes due to my father's health issues.

Respected Sir,

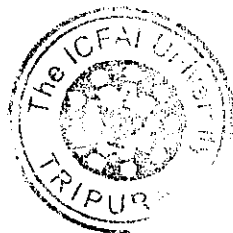

With due respect and gratitude towards you, myself, Gouranita Das, 21IUTO020005, 4th year, 2nd semester, I'm writing to explain my absence from classes over the past weeks, from 29/01/2024 to 05/02/2024, which was due to my father's health issues. The situation required my immediate attention and support as I'm the single child of the family and I had to be with my family during this crisis.

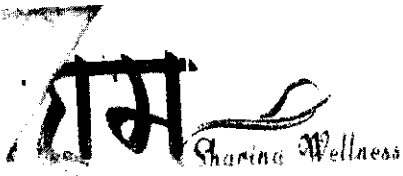

I understand the significance of regular class attendance and am committed to catching up on all missed coursework and lectures. If there are any specific assignments to be in the track with course, please do inform me.

I'm willing to provide any necessary documentation, such as the doctor's prescription to support my request. Your understanding and assistance during this period would be greatly appreciated. Thanking you for your understanding.

Yours Sincerely,  
Gouranita Das,

While smart boards have been installed in all other classrooms across the university, the M.Sc Chemistry classroom has not been equipped with this technology. The students have highlighted the need for a smart board to enhance the learning experience and facilitate interactive teaching methods in their coursework.	Acknowledged the students' concern and assured them that the issue would be logged and addressed promptly. The issue has been escalated to the department head for immediate attention and resolution.	The IT department has assured that the smart board will be installed in the M.Sc Chemistry classroom starting from the next semester.
	SAYAN ACHARJEE (22IUT0090010) [M.Sc Chemistry 2 <sup>nd</sup> year student] -> Subhadip Roy	The student has approached me with concerns about ongoing health issues that are impacting his academic performance and overall well-being. The student is facing health problems, including frequent headaches and fatigue, which are contributing to his discomfort and affecting his daily activities.	Listened to the student's concerns empathetically and assured them of support in addressing these issues. Advised the student to seek medical consultation to address their health problems and obtain any necessary treatment	The student has agreed to visit a healthcare professional for a thorough check-up and appropriate treatment for their health issues.

Mr. Mahadeb Mondal	Rupali Biswas,23IUT0210055,Papiya Deb,23IUT0210064	Unable to cope-up with the activities, getting exhausted and unable to prepare for competitive exam after the classes. For this reason they want to discontinue B. Ed.	First suggested to prepare working schedule and stick-on to it. Later tried to counsel with help of real platform they will be facing in future. Advised them to train themselves facing the challenges and not to run from the issues. This is their best training period and platform.	Happy to find them regular for the classes.
