Date: 20.05.2024

All the final year M.Sc Chemistry students are hereby informed that Department of Chemistry, ICFAI Science School, The ICFAI University Tripura will organize a seminar on the topic "Career Prospects in Chemistry" at Room no ACCB105, IUT Campus on 23rd May, 2024 from 01:00 pm onwards. Dr. Ganesh Chandra Paul, Assistant Professor and HOD, Department of Chemistry, The ICFAI University Tripura will be the resource person for the session. All students are invited to attend the seminar and derive benefit from the same.

### A Report on Seminar 'Career Prospects in Chemistry'

**Title:** Career Prospects in Chemistry

**Date:** 23rd May 2024

**Venue:** Room No. ACCB105, The ICFAI University Tripura, Kamalghat, West Tripura

**Organized by:** Department of Chemistry, ICFAI Science School, The ICFAI University Tripura

#### **Introduction:**

Chemistry is a dynamic and multifaceted field offering a wide array of career opportunities across various sectors. The seminar titled "Career Prospects in Chemistry" was organized to provide participants with insights into the diverse career paths available to chemistry post-graduates, and to guide them on how to navigate these paths successfully.

#### **Objective:**

The seminar aimed to inform participants about various career options in the field of chemistry, including academia, industry, government roles, and emerging interdisciplinary opportunities. It also aimed to provide practical advice on the qualifications, skills, and strategies required to succeed in these careers.

**Registrar,  
ICFAI University Tripura

**Activities:**

SI No.	Name of the Activity	Date	Time	No. of Participants
1	Seminar on "Career Prospects in Chemistry"	23.05.2024	1:00 pm - 1:45 pm	30

The seminar commenced with a welcome address by **Dr. Tufan Singha Mahapatra**, Assistant Professor, Department of Chemistry. The keynote presentation was delivered by **Dr. Ganesh Chandra Paul**, Assistant Professor and Head of the Department of Chemistry, who provided an in-depth exploration of the various career opportunities available to chemistry graduates.

**Key Topics Covered:**

**1. Academic and Research Careers:**

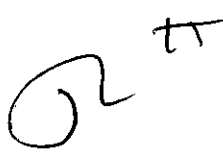

- **Teaching Positions:** Opportunities in academia, including roles as lecturers, professors, and research scientists.
- **Research Opportunities:** The significance of pursuing research in academic institutions and research organizations, and applying for research grants and fellowships.

**2. Industry Careers:**

- **Pharmaceutical Industry:** Roles in drug development, quality control, and regulatory affairs.
- **Chemical Manufacturing:** Careers in chemical production, materials science, and product development with a focus on sustainability.
- **Biotechnology:** Chemistry's role in biotechnology and its applications in developing new products and technologies.

**3. Government and Regulatory Roles:**

- **Government Jobs:** Positions in agencies such as the Central Ground Water Board, National Test House, and National Fertilizers Limited, among others.

  
**Registrar,  
ICFAI University Tripura  
Kamalghat, Tripura (West)**

  
HEAD,  
Department of Chemistry,  
ICFAI Bermani School,  
The ICFAI University, Tripura.

- **Patent Examination and Intellectual Property:** Opportunities for chemists in patent law and intellectual property.

#### 4. Emerging Fields and Interdisciplinary Opportunities:

- **Nanotechnology:** Careers in the growing field of nanotechnology.
- **Green Chemistry:** Focus on sustainable chemical practices and environmental stewardship.
- **Forensic Science:** Roles for chemists in forensic science, including crime scene analysis and toxicology.

#### 5. Skills and Qualifications:

- **Advanced Degrees:** Importance of pursuing higher education (M.Sc., Ph.D.) for specific career paths.
- **Technical Skills:** Development of strong laboratory skills and familiarity with analytical techniques.
- **Soft Skills:** Communication, teamwork, and problem-solving skills critical to success in chemistry careers.

#### Outcome:

The seminar resulted in:

- A comprehensive understanding among participants of the various career opportunities in chemistry.
- Practical guidance on the skills and qualifications necessary for different career paths.
- Encouragement to explore interdisciplinary opportunities and emerging fields.

#### Conclusion:

The seminar successfully highlighted the vast career opportunities available in the field of chemistry. By acquiring the necessary qualifications, honing technical and soft skills, and staying informed about industry trends, individuals can build successful careers in this field. The Department of Chemistry hopes that this seminar has inspired participants to explore the different career paths available and to actively pursue their career goals.

### A Report on Career Development for Higher Studies and Research for the Chemistry Students

Date: 1<sup>st</sup> November, 2023

Venue: Room No. ACCB105, The ICFAI University Tripura, Kamalghat, West Tripura

Organized by: Department of Chemistry, ICFAI Science School

#### Introduction:

The Department of Chemistry organizes seminar for the benefit of the students. On 1<sup>st</sup> November 2023, Dr. Priya Nair, former scientist at IIT Madras has delivered lecture on "Career Development for Higher Studies and Research for the Chemistry Students".

#### Objectives:

- To provide guidance and assistance for the students to achieve their career goals.
- To create awareness among students regarding available career options and help them in identifying their career objectives.
- To help them acquire the knowledge, information, skills, and experience necessary to identify career options, and narrow them down to make one career decision.

Sl No.	Name of the Activity	Date	Time	No. of Registered Participants
1	Welcome Address, by Dr. Swarnali Nath Choudhury, Professor & Head, Dept. of Chemistry, The ICFAI University Tripura	01.11.2023	3:00 pm - 3:05 pm	38
2	Speech of Dr. Priya Nair, former scientist at IIT Madras	01.11.2023	3:05 pm - 3:45 pm	
3	Question-Answer session	01.11.2023	3:45 pm - 3:55 pm	
4	Vote of Thanks by Dr. Swarnali Nath Choudhury, Professor & Head, Dept. of Chemistry, The ICFAI University Tripura	01.11.2023	3:55 pm - 4:00 pm	

**Welcome Address and Speeches**

The Welcome Address was delivered by Dr. Swarnali Nath Choudhury, Professor and Head of the Department of Chemistry at The ICFAI University, Tripura. Following this, Dr. Priya Nair, a former scientist at IIT Madras, delivered an insightful speech on the diverse opportunities a degree in chemistry offers. She highlighted how a chemistry degree equips students with exceptional laboratory techniques and transferable skills applicable across various disciplines, including biology, medicine, physics, engineering, and earth sciences. Additionally, she

*Or tt*

*Swarnali Nath*

Registrar,  
ICFAI University Tripura  
Kamalghat, Tripura (West)

emphasized that studying chemistry within an environmental and social context allows students to develop a keen awareness of ethical implications and sustainability issues.

### **Pursuing Advanced Studies**

Continuing studies at the Ph.D. level is a popular pathway for chemistry graduates, offering the chance to deepen their expertise in specialized branches such as organic, inorganic, physical, or analytical chemistry. Many Ph.D. graduates pursue postdoctoral research positions immediately after completing their degrees. The application process for these positions varies significantly between institutions, often tailored to the individual researcher's background and interests. Postdoctoral experience is particularly valuable for those aiming for tenure-track academic positions, as it helps to refine research interests and strengthen academic credentials.

Beyond academia, chemistry graduates can also specialize in applied fields such as cheminformatics, biochemistry, forensic nanotechnology, or forensic investigation. Employers highly value further study, particularly in scientific and technical fields, where advanced theoretical knowledge and practical, sector-specific skills are crucial.

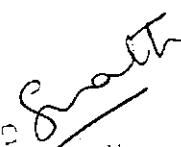

### **Closing Remarks and Vote of Thanks**

After an engaging question-and-answer session, Dr. Swarnali Nath Choudhury concluded the event by delivering the Vote of Thanks, expressing gratitude to all participants and speakers.

### **Outcome and Future Prospects**

Chemistry-related careers often involve extensive laboratory work, with job opportunities in educational institutions, research laboratories, energy production, oil and gas companies, defense, and manufacturing sectors. Research and development (R&D) chemists play a pivotal role in these settings, conducting experiments and developing new chemical formulations, such as pharmaceuticals. The R&D department is integral to keeping businesses competitive by providing market insights and innovating products or services.

  
**Registrar,  
ICFAI University Tripura  
Kamalghat, Tripura (West)**

  
**HEAD  
Department of Chemistry  
ICFAI University Tripura

## Conclusion

Chemistry holds the key to solving many of the world's future challenges, including sustainable energy and food production, environmental management, safe drinking water, and promoting human and environmental health. It serves as a strong foundation for advanced studies in various related fields. Chemists are among the most sought-after scientists, and a degree in chemistry offers a significant advantage in the job market, even during times of high unemployment. The impact of research extends beyond immediate applications, potentially benefiting future generations by developing new diagnostic tests, treatments, and processes.

### Department of Physics

(Faculty of Science & Technology)

#### Coaching for Joint Admission Test for Masters (JAM)

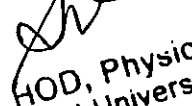

Venue: ACEXC404

Academic Year: 2023-24

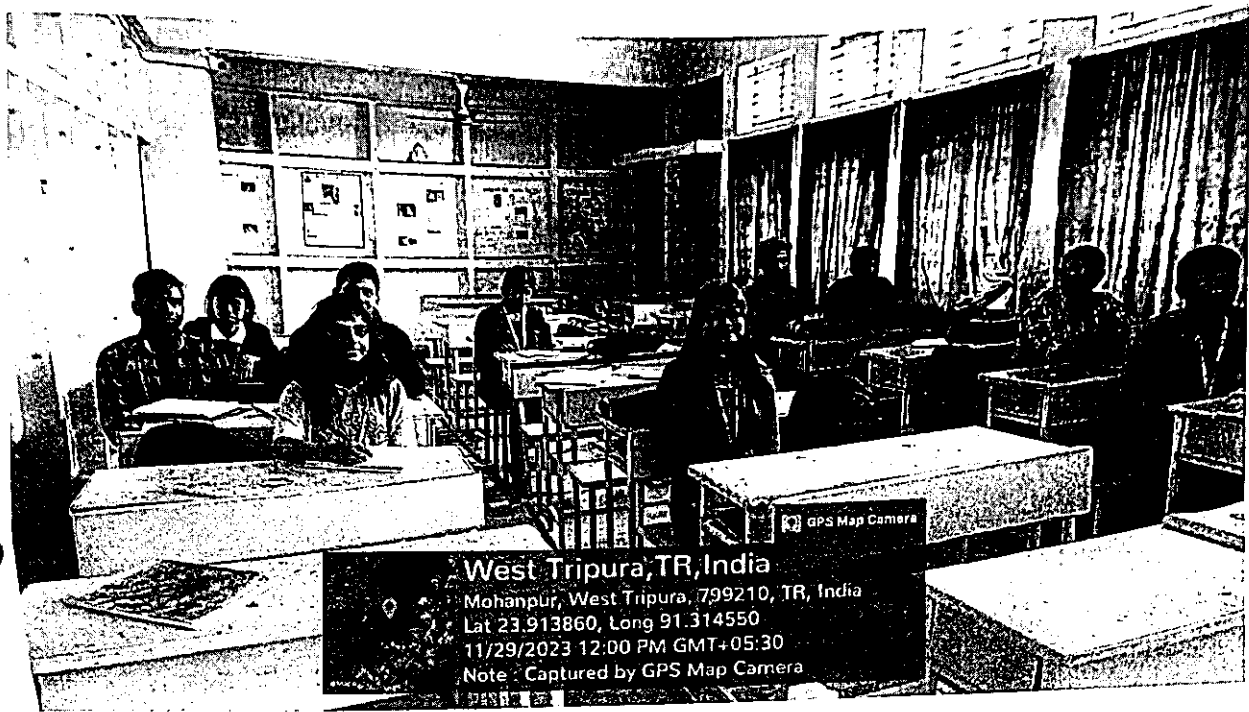

**Introduction:** It is a free coaching course to prepare the B.Sc Physics students for JAM --- a common national entrance examination for selection in M.Sc at various IITs, NITs and IISc.

**Objective:** This course aims to build-up the students for JAM, as well as for the CUET from the very beginning of their graduation period.

**Outcome:** The course titled "JAM" is a part of the Career building program for the B.Sc Physics, year-II students. It is conducted by the Department of Physics, Faculty of Science and Technology, The ICFAI University Tripura to prepare the B.Sc Physics, year-II students for JAM --- a common national entrance examination for selection in M.Sc at various IITs, NITs and IISc. In the academic year 2023-24, Dr. Sourav Chattopadhyay was assigned as the course instructors for this course. Under their guidance total 12 students from B.Sc Physics, year-II have regularly attended the course.

### Department of Physics

(Faculty of Science & Technology)

### Coaching for Joint Admission Test for Masters (JAM)

Academic Year: 2023-24

Venue: ACXCC402

**Introduction:** It is a free coaching course to prepare the B.Sc Physics students for JAM --- a common national entrance examination for selection in M.Sc at various IITs, NITs and IISc.

**Objective:** This course aims to build-up the students for JAM, as well as for the CUET from the very beginning of their graduation period.

**Outcome:** The course titled "JAM" is a part of the Career building program for the B.Sc Physics, year-III students. It is conducted by the Department of Physics, Faculty of Science & Technology, The ICFAI University Tripura to prepare the B.Sc Physics, year-III students for JAM --- a common national entrance examination for selection in M.Sc at various IITs, NITs and IISc. In the academic year 2023-24, Dr. Arunabha Saha was assigned as the course instructors for this course. Under their guidance total 12 students from B.Sc Physics, year-III have regularly attended the course. Out of them 1 student has qualified JAM-2024 examination and 9 students have qualified the CUET-2024 examination with excellent ranks.

#### Coaching for NET/GATE/SET/SLET

Venue: ACC408

Academic Year: 2023-24

**Introduction:** It is a free coaching course to prepare the M.Sc. Physics students for NET/GATE/SET/SLET.

**Objective:** This course aims to build-up the students for NET, as well as for the GATE, SET or SLET from the very beginning of their M.Sc. period. Through these national level entrance examinations the M.Sc. passed out students can get selected for the Ph.D. at various central and state Universities, ISERS, National Research Institutes, IITs and NITs. Also they can be placed as a lecturer at any college. Through GATE the students can aim for a job at various PSUs.

**Outcome:** The course titled "NET-GATE" is a part of the Career building program for the M.Sc. Physics, year-I students. It is conducted by the Department of Physics, Faculty of Science and Technology, The ICFAI University Tripura to prepare the M.Sc. Physics, year-I students for various job and Ph.D. opportunities in different national institutes. In the academic year 2023-24, Dr. Bihabasu De was assigned as the course instructors for this course. Under their guidance total 21 students from M.Sc. Physics, year-I have regularly attended the course.

### Department of Physics

(Faculty of Science & Technology)

#### Coaching for NET/GATE/SET/SLET

Venue: ACCB101

Academic Year: 2023-24

**Introduction:** It is a free coaching course to prepare the M.Sc. Physics students for NET/GATE/SET/SLET.

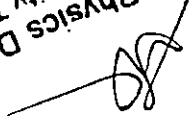

**Objective:** This course aims to build-up the students for NET, as well as for the GATE, SET or SLET from the very beginning of their M.Sc. period. Through these national level entrance examinations the M.Sc. passed out students can get selected for the Ph.D. at various central and state Universities, IISERs, National Research Institutes, IITs and NITs. Also they can be placed as a lecturer at any college. Through GATE the students can aim for a job at various PSUs.

**Outcome:** The course titled "NET-GATE" is a part of the Career building program for the M.Sc. Physics, year-II students. It is conducted by the Department of Physics, Faculty of Science and Technology, The ICFAI University Tripura to prepare the M.Sc. Physics, year-II students for various job and Ph.D. opportunities in different national institutes. In the academic year 2023-24, Dr. Sovan Ghosh was assigned as the course instructors for this course. Under their guidance total 13 students from M.Sc. Physics, year-II have regularly attended the course and out of them 1 student has qualified NET-JRF 2023 (Dec.).

### EVENT REPORT ON- Mock Interview

**TITLE OF THE EVENT:** Mock Interview for BA 3<sup>rd</sup> Year (Sec A).

**DATE & TIME:** End-term internal assessment (Internal II).

27<sup>th</sup> November 2023 from 11:00 pm- 05:00pm.

**VENUE:** Training and Placement Cell.

**INTRODUCTION:** Debate was part of their curriculum- Soft Skills (HSS356). Students were prepared to face the interview through class lectures and interaction. With the help of the

Training and Placement Cell, a Mock Interview was conducted by the course In-charge

Dr. Gitanjali Roy.

**OBJECTIVE:** 1. To inculcate speaking and thinking skills.

2. To provide job seekers an opportunity to practice, receive feedback and improve their

skills.

3. A mock interview also helps you develop interview strategies, enhance your

communication skills, answer challenging questions, and ease the nerves that many

experiences before an actual job interview.

4. To develop mental and emotional maturity.

5. To build the students' confidence level.

**ACTIVITY:** Students were prepared to make their Resume and CV. They were also prepared to face

interviews. Eventually, Training and Placement Cell helped us conduct the

interview to provide an interview-like experience for the students. Inter

Registrar,

were- Mr. Sanjib Chakraborty, Mr. Arnab Chakraborty, Mrs. Saswati Das and Prof. Papiya

Ghosh. Internal members present were- Prof. Mousumi Biswas, Dr. Aditya Ghosh, Prof.

Gurtya Paul and Prof. Indrani Bandyopadhyay.

**EVENT OUTCOME:** Students took keen interest and have actively participated in the Mock Interview

rounds.

**ATTENDANCE OF THE PARTICIPANTS:** 33 students of BA 3<sup>rd</sup> Year (Sec A).

**BROCHURE OF THE EVENT:** Students were instructed in the classroom, divided into groups.

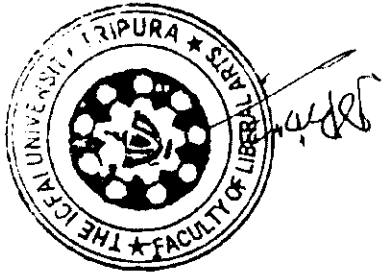

**PHOTOGRAPHS OF THE EVENT:**

Event Report on Workshop conducted for  
'Preparation of UGC-NET Examination'

for MA-English Students

Organized by

FACULTY OF LIBERAL ARTS

Date: 8<sup>th</sup> & 9<sup>th</sup> February 2024

Time: 10am - 12pm

Venue: Room No. 336, 3<sup>rd</sup> Floor, Acad. Block Extension

### Introduction:

The institution ensures that the students receive academic, emotional, professional and personal support from the time they join the institute. Students are identified based on their performance outcomes through continuous comprehensive evaluation and interactions in the classroom by the faculty members. Students of MA-English Program, who are found to be advanced learners are directed to appear for NET, SET, GATE and TET coaching classes for competitive examinations. Competent Faculty Members from the department take part in imparting coaching for students to prepare them for these exams.

### Objectives:

- The department ensures that all students aspiring for qualifying various Competitive Exams are given due importance and guided accordingly.
- Classes are organized rigorously to meet the requirements of the students.
- Appropriate academic guidance for utilizing library resources is provided.
- Students are periodically informed of their progress and performance outcomes.
- The faculty members provide extra reading materials to students after elaborating discussion in the classroom to improve basic understanding of subjects.
- Students are able to qualify the competitive exams upon proper mentoring by the faculties.

### ***ABOUT ICFAI LAW SCHOOL***

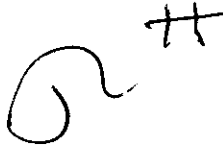

The ICFAI Law School, a constituent of the ICFAI University, Tripura was established with the objective of developing a new cadre of legal professionals through a comprehensive and contemporary body of integrated knowledge and rigorous education and degree programs. The ICFAI Law School offers BA-LL.B (Hons.), BBA-LL.B(Hons) and LL.B programs which are approved by Bar Council of India. The University is also offering Ph.D in Law and two years LL.M which are approved by UGC, with an objective to impart legal education to develop juridical inquisitiveness among the students to secure the expectations of the contemporary society. The course curriculum designed in such a way to cultivate research temperament and satisfy scholastic aptitude to contribute raising demand of legal reform and public interest lawyering.

### ***ABOUT CREER COUNSELLING PROGRAM***

Career Counseling is a system of scientifically based measures aimed at preparing young people to choose a profession, taking into account personality characteristics and the socio-economic situation in the labor market, to assist young people in professional self-determination and employment. Career guidance for students is one of the most important factors in choosing the right profession for the future. The purpose of career guidance is to develop a conscious attitude toward work among schoolchildren, professional self-determination in accordance with their capabilities, abilities and taking into account the labor market.

The decision of a career is one of the most significant choices, which regularly decides the entire future existence. Before picking a fascinating career, one have to hear himself out and decide the most significant criteria for his future career. A lot of pressures and wanting to please parents lead many young people to choose their career in a hurry and without much conviction. Career selection is a very important step, as it will ultimately define future. Choosing something that does not make one feel satisfied can have an impact on his happiness or on losing a lot of money and time.

Therefore the ICFAI Law School organize the Career Counselling program for the outgoing students. The program is chaired by the principal Dr. Zigisha Pujari. Among the other speaker, Prof. Marileen Darlong, Mr. Arnab Chakraborty Coordinator of the Placement Department of the ICFAI University Tripura and Dr. Debabrata Roy. The speakers of the program discuss various aspects relating to the prospective career of the law students. They also discuss the pros and cons of the choosing career by the students after completing their law course.

## A Report on celebration on "Orientation Program" 2023

**Date:** 2<sup>nd</sup> and 3<sup>rd</sup> August, 2023

**Venue:** ICF AI UNIVERSITY, TRIPURA, KAMALGHAT, WEST TRIPURA, Room No.: 101

**Organized by :** Faculty Of Education, ICF AI University, Tripura, B.Ed' Section

### Introduction

Orientation programs are conducted by the institution in which instructors having expertise over a certain subject deliver their knowledge content in front of the fresh students. Students who are newly admitted are quite clueless about the *whys and what's* of the target courses and in such situations of dilemmas and doubts orientation programs are crucial. Doubts are regarded as the key to knowledge. All sorts of doubts, queries, confusions and pre predicted

  
Registrar  
ICFAI University Tripura  
Kamalghat, Tripura (West)

notions regarding the chosen program are eliminated through the expert's directions, instructions and discussions.

### Objective-

1. Orientation is a way for students to meet other students, become familiar with campus services, faculties.
2. Orientation programs lead to the understanding of the field about which the program is held. It helps in the better comprehension of the aims, objectives, strategies and vision of the respective program. It provides better grip over the subjects that are to be studied by the students in due course of time. The importance and implication of the courses in society and life are the area of discussions in the orientation program.

### Activities:

Sl No.	Name of The Activity	Date	Time	No. Of Participants
1.	Orientation Programme	2 <sup>nd</sup> and 3 <sup>rd</sup> .08.23	10.00am to 11.30 pm	99

  
**Registrar,**  
ICFAI University Tripura  
Kamalghat, Tripura (West)

'Morning shows the day' is an idea that is followed by people in this culture which means a day with a good start acts as fuel for the rest of the day. Similarly, an orientation program helps the attendee to decide for himself or herself as to the manner in which things are to be dealt with for better outcomes. Students who have higher aspirations in life can make best use of orientation programs as it can give them a direction to their unshaped dreams.

Orientation was organised on Micro / Macro teaching practice for B.Ed trainees in smart room of Education department. Dr. Y. Singh, Dr. P.K Srivastava Principal, FoE, etc. faculty members of FoE were present in the program.

Dr. P.K Srivastava Principal, FoE speaking on the occasion. Dr. Srivastava speech focusing on the guidelines given by NCTE, not leaving behind the required ethics and social skills to be followed as a teacher. 105 members were present in the program along with faculty members.

Faculty members advising and sharing few practical experiences with trainees on TIP, Classroom, and also administrative experience too. The program came to an end with vote of thanks by Prof. Bheem Pad Mahato, Asst. Prof, FoE.

**Outcome-** outcome of this program is students become more familiar with the campus, faculties and their respective courses in shorter period of time. They get a clear idea about their course and they can easily make strategies for their studies.

### **Conclusion**

This orientation programme has created a great interaction of the new comers with their seniors. They can now become more free to discuss on any topic which might be difficult for them. They are also free to interact with their faculty members to solve any academic problem. Moreover, orientation programme provides a detailed description of the department among the students.

## A Report on "International Mother Language Day"

Date: 21<sup>st</sup> February, 2024

Venue: OPEN GALLERY, ICAFI UNIVERSITY, TRIPURA,  
KAMALGHAT, WEST TRIPURA

Organized by : Faculty Of Education, ICAFI University, Tripura

### Introduction

Patanjali said that language is that human expression which is uttered out by speech organs. There are some misconceptions regarding any language that it is logical, it is difficult to learn, it is superior to another, exact equivalents are possible and writing is language. Language is that means of communication through which we share our thoughts, ideas, information, wisdom, feelings, sentiments, etc. with another individual or a group of individuals. This is what makes any language a very beautiful part of life. When it comes to mother language, it is easier for people to connect as a person is born and grown up remaining in that culture for a significant period of time. So, first of all, a person is known to think in his own language and then he delivers the content in another language. And the observation of International Mother Language Day makes a person aware about the importance of a language in the lives of people and it also makes people aware about respecting and loving another language like we love our very own.

  
Registrar,  
ICFAI University Tripura  
Kamalgat, Tripura (West)

“Languages are the most powerful instruments of preserving and developing our tangible and intangible heritage. All moves to promote the dissemination of mother tongues will serve not only to encourage linguistic diversity and multilingual education but also to develop fuller awareness of linguistic and cultural traditions throughout the world and to inspire solidarity based on understanding, tolerance and dialogue.”

— From the United Nations International Mother Language Day microsite

**Objective** of celebrating the International Mother Language day is to promote the awareness of language and cultural diversity and promotes the preservation and protection of all languages.

**Activities:**

Sl No.	Name of The Activity	Date	Time	No. Of Participants
1.	International Mother Language Day	21.02.24	4.00 pm to 4.35 pm	98

International Mother Language Day is a worldwide annual observance held on 21 February to promote awareness of linguistic and cultural diversity and to promote multilingualism. First announced by UNESCO on 17 November 1999, it

*Prabin*

Registrar,  
ICFAI University Tripura  
Kamalghat, Tripura (West)

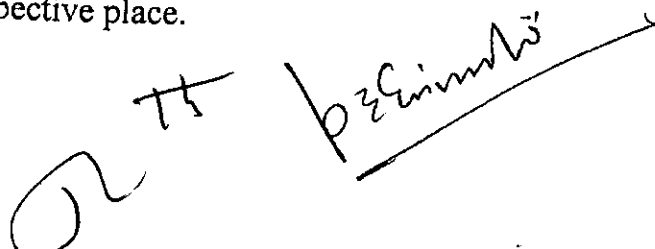

was formally recognized by the United Nations General Assembly with the adoption of UN resolution 56/262 Multilingualism in 2002. Mother Language Day is part of a broader initiative "to promote the preservation and protection of all languages used by peoples of the world" as adopted by the UN General Assembly on 16 May 2007 in UN resolution 61/266, which also established 2008 as the International Year of Languages. The idea to celebrate International Mother Language Day was the initiative of Bangladesh. In Bangladesh 21 February is the anniversary of the day when Bangladeshis fought for recognition for the Bangla language.

ICFAI University celebrated International Mother Language Day in campus. On this eve trainees took active part in a program organized by IUT. Program started with inaugural song and lightning of lamp in front of Saheed statue (replica) in open gallery, IUT.

Dr. Prem Shankar Srivastava, Principal, FoE, speaking on the occasion.

Trainees Students of B.Ed and MA Edu gave speech on importance of their mother language.

As a part of International Mother Language Day students designed and decorated Wall Magazine. Board was reflecting importance of different mother languages, which are unique in its respective place.

  
Registrar,  
ICFAI University Tripura  
Kamalghat, Tripura (West)

### **“International Mother Language Day” (21st February 2024)**

A program was organized in FoE, observing Mother Language Day. Program started with inaugural song in a class room. Program was structured with recitations, speech, song, and dance reflecting their mother language. 70 students and faculty members were present in the program

Group of students presenting group song leading by Ms. Banashree Debnath. Mr. Sourav Bhattacharjee assisting with musical instrument, Tabala.

Few trainees spoke on the occasion. And three of them gave recitation reflecting importance of language.

Apart from mother language, speeches were focusing on the importance of English language, which is required for effective communication throughout the world.

Dance performed by Suma and Neetu Das of B.Ed, Sem II. Dance was based on patriotic song.

Faculty members speaking on importance of language for effective communication. And common point focused in all speeches was that mother language cannot be replaced by any other language in the world

**Outcome** of the program is the value of mother language in the life of mankind is profound which became known to attendees of the day. It has been understood that mother language is such an aspect that is to be cared for

  
**Registrar,**  
ICFAI University Tripura  
Kamalghat, Tripura (West)

and respected – be it own mother tongue or another individual's mother language.

**Conclusion** This International Mother day programme has created a great idealistic nature among the students. They can now become more aware of the sacrifices made by the reformers in protecting our mother language on any topic. They are also able to apply in their own life. Moreover, International Mother day programme provides a value based on their own culture and heritage.

### Name of the Event: Seminar on “Overview and Career Prospects of Rubber Technology”

#### Objective:

To explore the dynamic field of rubber technology and its many applications in modern industry

Organized by: *Department of Mechanical Engineering, The ICFAI University Tripura*

Venue: Auditorium, IUT (Academic Block, Ground Floor)  
ICFAI University Tripura Campus  
Kamalghat, Mohanpur, Agartala -799210, Tripura (W)

Date: 25.08.2023

Time: 11:00 AM – 1:30 PM

Number of participant Students: 30

Number of participant Faculty: 5

#### Resource Person(s):

**Mr. Prasenjit De**

Rubber, Chemical Petrochemical Skill Development Council (RCPSDC), Skill India

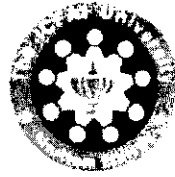

#### Introduction

The development of skills for the rubber industry is one of the most critical issues faced today. These sectors struggle a demand & supply mismatch, as the industry needs a more 'skilled' workforce than what is available today.

The purpose of this skill course is to ensure the generation of skilled manpower in rubber sectors, provide employment opportunities to youth across the nation, create career paths in roles existing within the unorganized and organized segments of the rubber sector and ensure active participation of

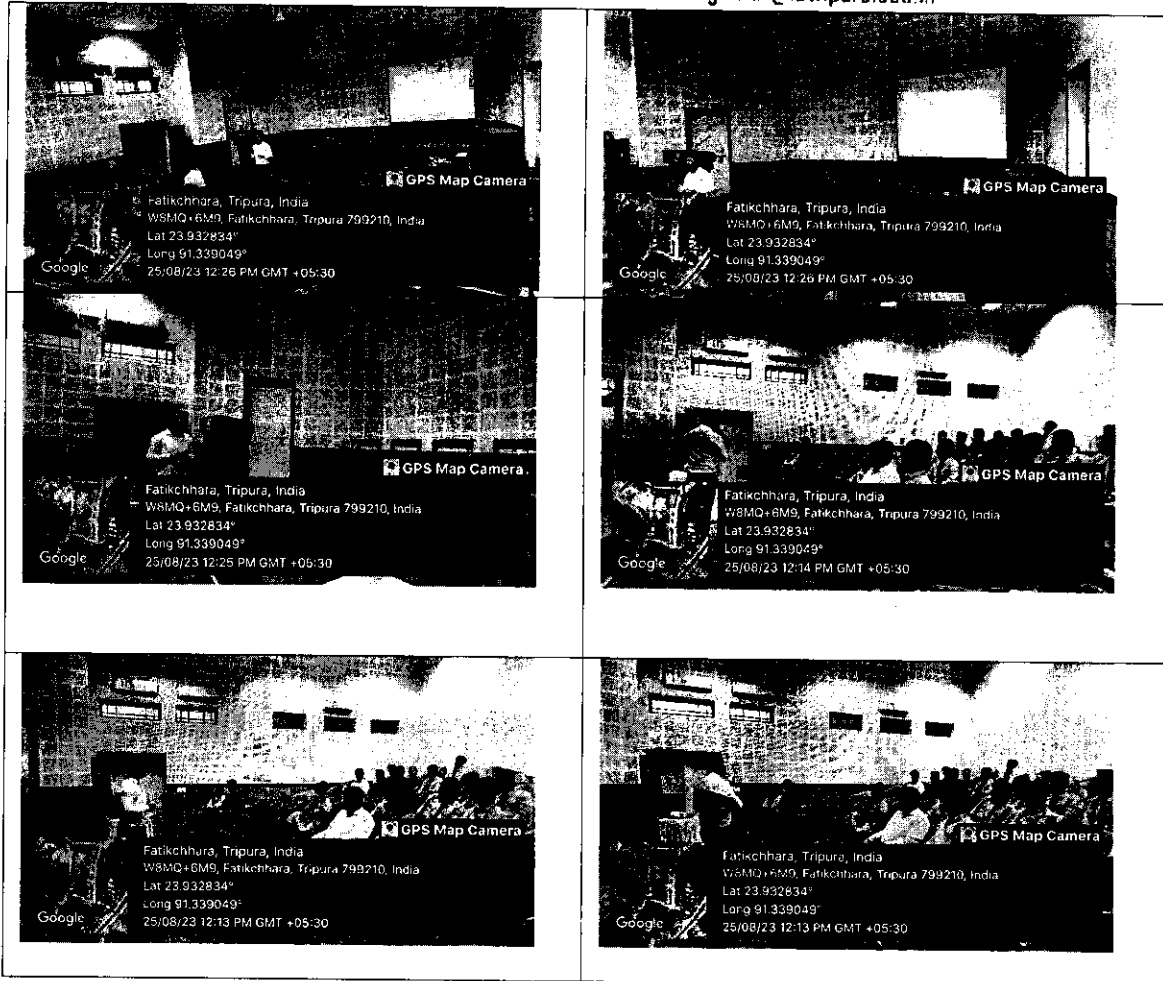

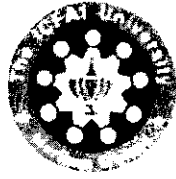

Fig.2. Impactful technical lecture session on progress

It's hard to overstate the importance of rubber technology in today's society. Just look at the sheer range of applications that we benefit from every day: tires, hoses, belts, seals, gaskets, medical devices, and much more. Without rubber technology, modern life as we know it would look very different.

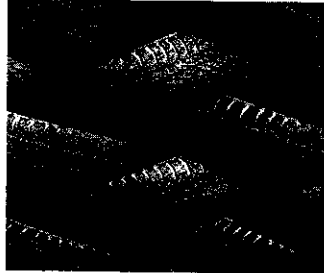

Fig.3 Application

### Career Prospects

#### 1 Rubber Technologist

As a rubber technologist, you'll research and develop new rubber products and refine existing ones. This requires a combination of scientific knowledge and creativity.

#### 2 Quality Control Analyst

Quality control analysts play a crucial role in the manufacturing process. They ensure that products meet industry standards by testing mechanical, thermal, and chemical properties.

#### 3 Production Manager

As a production manager, you'll oversee all aspects of the manufacturing process, from sourcing raw materials to packaging finished goods. This requires strong leadership and organizational skills.

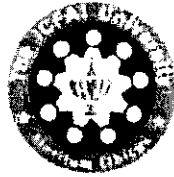

#### 4 Technical Sales Representative

If you enjoy working directly with customers, a career in technical sales might be right for you. Technical sales reps assist clients in selecting the appropriate rubber products for their needs and answer questions about the products' properties and applications.

### Conclusions:

1. Rubber technology plays a critical role in the automotive industry. Tires, belts, hoses, and seals are just a few examples of the many rubber products used in cars and trucks.
2. Aerospace is another industry that relies heavily on rubber technology. Rubber components such as seals and gaskets ensure that engines, fuel systems, and other critical components function safely and efficiently.
3. From gloves to tubing to implants, rubber technology is essential to the healthcare industry. Medical-grade rubber materials must meet strict quality and safety standards.
