CHARTERED ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

The Board of Governors
The ICFAI University, Tripura
Kamalghat

Opinion

We have audited the attached financial statements of **The ICFAI University, Tripura ("the University")**, which comprise the Balance Sheet as at 31st March, 2024, the statement of Income and Expenditure Account and the statement of cash flows for the year ended, and a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the university as at March 31, 2024, and of its financial performance and its cash flows for the year then ended in accordance with the Accounting Standards prescribed by the Institute of Chartered Accountants of India (SAs).

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by ICAI. Our responsibilities under these standards are further described in the **Auditor's Responsibilities for the Audit of the Financial Statements** section of our report. We are independent of the University in accordance with the Code of Ethics issued by ICAI and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to support the specific elements for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

University's management is responsible for the preparation of these financial statements that give a true and fair view of the state of affairs, results of operations and cash flows of the University in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that are accurate and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the university's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the university or to cease operations, or has no realistic alternative plan to do so.

Those charged with governance are responsible for overseeing the university's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

The auditor's responsibilities include reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error. An audit involves an exercise of professional judgment, and includes an opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material

if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the university's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the university's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the university to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

We report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the University so far as it appears from our examination of those books.
- c. The Balance Sheet and the Income and Expenditure Account dealt with by this Report are in agreement with the books of account.
