Teacher Training cum Interaction Session on

Saksham Tripura Project

Information shared before the program:

The Department of Special Education and Rehabilitation organized a teacher training program in special education to equip the newly joined special educators with the knowledge, skills, and strategies required to effectively teach students with diverse learning needs and disabilities. The program focused on areas such as: understanding special needs, inclusive environments, screening and assessment instructional strategies, etc. Also it was emphasized on developing the skill for working effectively with other educators, parents, and specialists to support students' learning and development. Overall, the major aim was to prepare educators to be compassionate, effective, and innovative in their teaching practices, ensuring that all students receive the support they need to succeed.
