

FACULTY OF PHYSICAL EDUCATION

Physical Education is an educational course related to maintaining human body and by involving the body into multiple tasks of human movement activities. It is considered as an academic discipline. A separate course named Bachelor of Physical Education (B.P.Ed.) recognised by National Council for Teacher Education has been introduced at ICFAI University, Tripura since 2017-18 session. The objective of this course is to prepare teachers who will be able to teach students the basic sports skills, grow healthy habits and be physically, socially, emotionally and mentally fit citizen of the country. After completion of the course of two-year duration the teacher- trainee will have opportunity to be employed in the Primary, Upper – Primary and Secondary schools of the State and Central recognised schools of the country. The teachers, thus, will have wide field in exploring the movements of the student through psycho-motor learning.
