OUTCOME

The Law lecture highlighted about the evolution as well as the present scenario of Jammu & Kashmir. Consequences of Articles 370 and 35A are thoroughly discussed in the Lecture. The drawbacks which promoted the scrapping of those articles were also beautifully placed. The students came to know many new and interesting sides of the law and also enjoyed the session as well as interacted with the law lecturer. By these ways many doubts that arose in the mind of students were cleared. Thus the law lecture was indeed very interesting and informative for all.
