DIGI-LETTER

A Newsletter from the
**Department of Computer Science and Engineering
&
Computer Application**

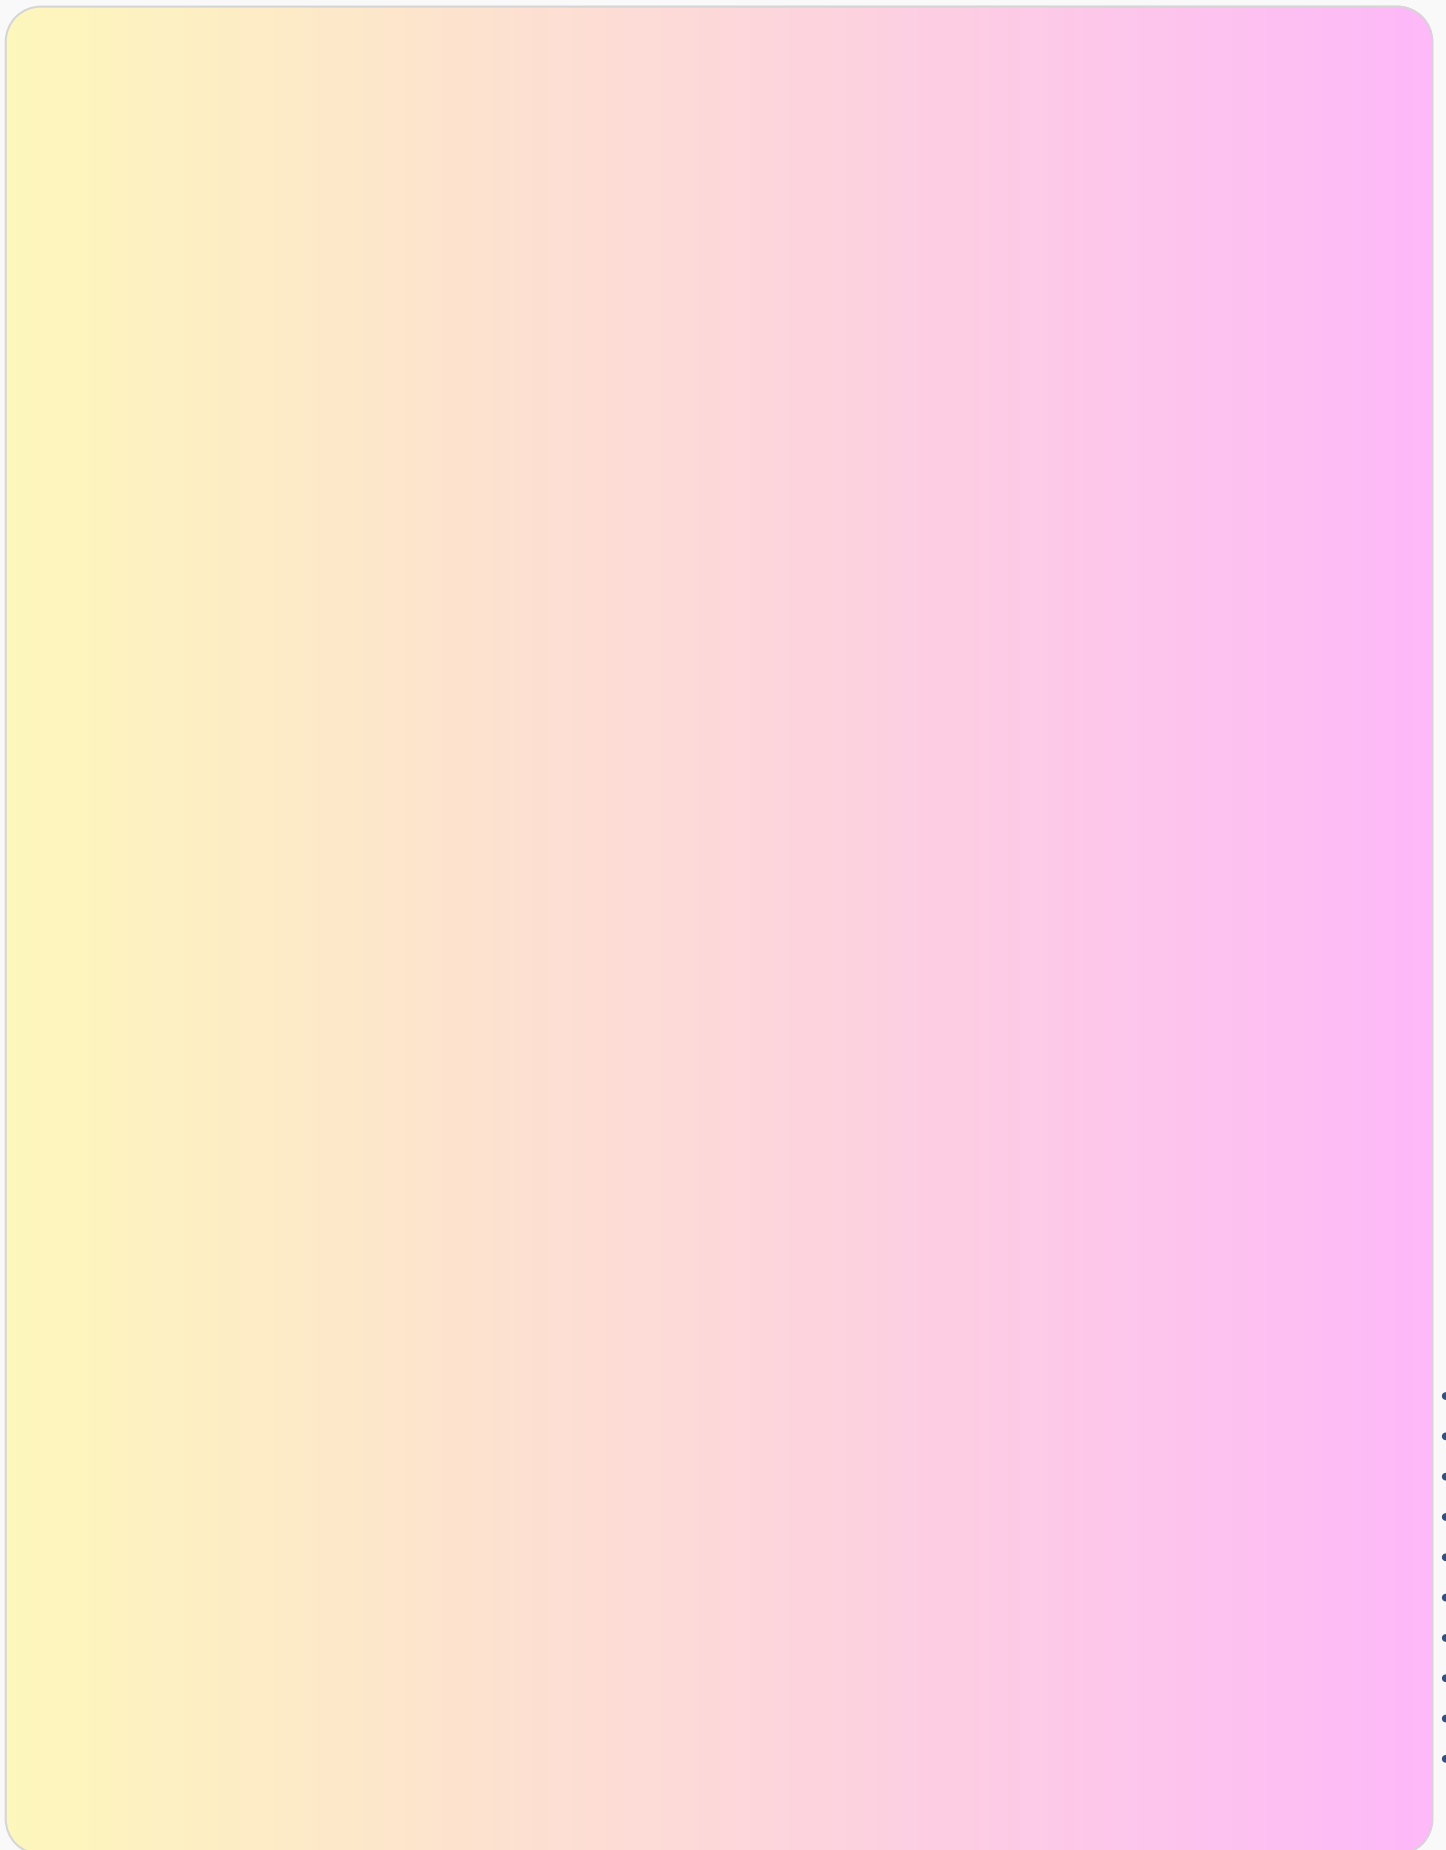

THE ICFAI UNIVERSITY, TRIPURA

**Volume I - Issue II
March, 2026**

In this issue

- From Hackathons to Innovation Carnivals.
- From Ideation to Incubation - Hosting MeitY Techathon X5
- From Classrooms to Corporates - Notable student placements in reputed organizations
- From Research to Recognition - Successful organization of the MICA Conference 2025

Vice Chancellor Corner

I am delighted to see the second edition of Digi-Letter come to life. Following the enthusiastic reception of our debut issue, this volume stands as a testament to the sustained momentum and growing excellence of the CSE Department at ICFAI University, Tripura.

This issue highlights a new chapter of progress from high-impact research publications by our scholars to the successful execution of specialized technical workshops. Most importantly, it celebrates the remarkable achievements of our students, whose dedication continues to bring prestige to our university.

Prof. (Dr.) Biplab Halder

I congratulate the coordinators, the editorial team and the entire CSE & CA department for their consistency in documenting our journey. May Digi-Letter continue to be a source of pride and inspiration for our entire academic community!

Registrar Corner

I am pleased to see the second edition of Digi-Letter continue the tradition of documenting excellence at ICFAI University, Tripura. This newsletter is a professional reflection of the CSE department's organized growth and its commitment to bridging the gap between academia and industry.

The impressive record of research publications and technical workshops highlighted in this issue speaks volumes about the department's discipline and vision. I congratulate the team on this successful publication and look forward to seeing the continued achievements of our students and scholars.

Prof. (Dr.) A. Ranganath

Dean Faculty of Science and Technology

It is a moment of great pride to see the second issue of Digi-Letter come to fruition. As the Faculty of Science and Technology continues to push the boundaries of innovation, the CSE department stands at the forefront, translating complex research into real-world impact.

This edition beautifully captures our commitment to scholarly excellence and practical learning. The surge in research publications and the success of our technical workshops reflect the high standards we maintain. I applaud our students and faculty for their tireless pursuit of excellence. May this newsletter continue to inspire our academic community to innovate and lead.

Dr. Priyangshu Rana Borthakur

Principal ICFAI Technical School

Welcome to the second edition of Digi-Letter. While our leadership speaks of vision and policy, I see the heartbeat of this department in the daily hustle of our labs and classrooms.

This issue is a tribute to the 'doers'—the students who stayed late to debug a project, the scholars who refined their research through endless iterations, and the faculty who mentored them. From the high-energy atmosphere of our recent workshops to the quiet brilliance of our research publications, this newsletter captures a department that is truly alive with curiosity. I am incredibly proud of our students' latest achievements, which prove that talent, when met with opportunity, knows no bounds. Keep building, keep questioning, and keep making us proud.

Prof. (Dr.) Prasanta Kumar Sinha

Vice-Principal ICFAI Technical School

It is a pleasure to see Digi-Letter return for its second issue, reflecting the steady academic and professional ascent of the CSE Department.

What makes this edition remarkable is the clear synergy between our technical workshops and the high-caliber student achievements that followed. We are witnessing a culture where learning is immediately transformed into action. I am equally proud of our faculty and scholars whose research publications continue to strengthen our department's intellectual footprint. This newsletter is a testament to our collective discipline and the relentless pursuit of excellence. Congratulations to the editorial team for capturing the spirit of a department that is truly on the move.

Dr. Abhijit Biswas

Head Department of CSE

The release of Digi-Letter newsletter marks a milestone in our department's journey toward becoming a center of technical excellence. As HoD, it is inspiring to see our vision manifest through the pages of this newsletter.

This semester has been defined by action. Our laboratories have transitioned from spaces of learning to hubs of innovation, resulting in prestigious research publications and high-impact technical workshops. This newsletter isn't just a report—it is the heartbeat of a department that thrives on logic, creativity, and the relentless pursuit of the next 'big idea.' To my faculty, scholars, and students: thank you for keeping the momentum alive.

Dr. Saptarshi Chakraborty

COORDINATORS MESSAGE

Date:

March 05, 2026

Dear Readers

We are thrilled to bring you the second volume of Digi-Letter, our department's dedicated chronicle of innovation and progress. If the first issue was about setting the stage, this edition is about the incredible momentum we have built together.

This academic year has been a whirlwind of activity. Our pages are packed with details of high-impact Technical Workshops and Industry Seminars that have pushed our learning beyond the classroom. We take immense pride in documenting the steady rise in Research Publications from our faculty and scholars, alongside the stellar National-level Achievements of our students.

As coordinators, our goal is to ensure that every breakthrough whether in the lab or on the competition stage is recognized. This newsletter is a celebration of our collective 'Runtime' success. We thank everyone who contributed to making this edition a reality.

Happy reading!

Warm regards,

Dr. Birglang Bargayary

Dr. Joseph Lalnunfela Pachuau

Dr. Keya Chowdhury

ABOUT THE UNIVERSITY

The ICFAI University, Tripura (referred to hereafter as the University) was established in 2004 through an Act of State Legislature (Tripura Act 8 of 2004). The University has been approved by the University Grants Commission, under Section 2(f) of the UGC Act, 1956 and the University is empowered to award degrees under Section 22 of UGC Act, 1956.

The University is Member of the following:

1. Association of Indian Universities, New Delhi, India.
2. Association of commonwealth Universities, London, UK.
3. Institution of Engineers (India)
4. Association of Management Development Institutions in South Asia (AMDISA).
5. Department of Scientific and Industrial Research, Ministry of Science and Technology, Govt. of India
6. Confederation of Indian Industry (CII).
7. Vijnana Bharati.
8. Academy of hospital Administration, Govt. of India.

Accreditation

The University has the following accreditations of the regulatory authorities:

1. University is NAAC Accredited.
2. University Grant Commission
3. National Council for Teacher education (NCTE)
4. Bar Council of India (BCI)
5. Distance Education Bureau (DEB)
6. Rehabilitation Council of India (RCI)

The University, with its motto "**Meritum Ethicus**" strives to develop a new cadre of professionals with high level of competence and deep sense of moral principles and commitment to the code of professional conduct. The University believes in creating and disseminating knowledge in core and frontier areas through innovative educational programs, research, consulting and publishing, and developing a new cadre of citizens with a high level of competence and deep sense of ethics and commitment to the code of professional conduct.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering at ICFAI University, Tripura, stands as a premier hub of technical excellence, dedicated to nurturing the next generation of digital architects and problem-solvers. Nestled in the heart of Northeast India, our department harmonizes a rigorous academic curriculum with cutting-edge research in domains such as **Artificial Intelligence, Machine Learning, and Cyber Security**. We pride ourselves on an ecosystem that empowers both scholars and students to move beyond the classroom, transforming complex algorithms into real-world applications that address local and global challenges alike. By fostering a culture of innovation, industry-readiness, and ethical engineering, IUT-CSE is not just teaching technology; we are shaping the visionaries who will lead the digital transformation of tomorrow.

The Department of CSE at ICFAI University, Tripura, offers a diverse array of academic pathways tailored to different career trajectories. Our **B.Tech (4 Years)** and **M.Tech (2 Years)** programs are designed for those seeking deep engineering expertise and technical leadership, while our **BCA (3 Years), MCA (2 Years), and Integrated MCA (5 Years)** tracks focus on modern software applications and professional IT management. For those at the pinnacle of academic inquiry, our **Ph.D. program** fosters high-impact research in emerging technologies. By providing these varied entry points, the department creates a vibrant, multi-layered learning environment where foundational knowledge meets specialized innovation, ensuring our graduates are prepared for every sector of the digital economy.

VISION

To Produce quality computer professionals capable of adapting to the changing environment and contribute to the growth of computing & allied industry.

MISSION

The Department of Computer Science and Engineering is committed to:

1. Impart quality education and create an environment for student-centric learning.
2. Produce graduates who are well informed about the latest technological trends and advancement in the world of computing technology and research.
3. Produce computer professionals who can excel in diversified fields.
4. Find realistic solution to complex problems with awareness and concern for society & environment.

ORIENTATION DEEKSHARAMBH - 2025

Prof. (Dr.) Biplab Halder
Vice-Chancellor IUT

Er. P S Banerjee, FIE
Chairman IET, Tripura State Centre
OSD to Hon'ble CM, Govt. of Tripura

DATE
20 August, 2025

The ICFAI Technical School, The ICFAI University Tripura, successfully organized the Orientation Programme “**DEEKSHARAMBH - 2025**” on 20th August 2025 to welcome the newly admitted students. The programme was graced by **Er. Paramananda Sarkar Banerjee**, FIE, Chairman, IET, Tripura State Centre and OSD to Hon'ble Chief Minister, Government of Tripura, as the Chief Guest.

Prof. (Dr.) Biplab Halder, Vice Chancellor, The ICFAI University, Tripura, felicitated the Chief Guest during the programme. In his address, the Chief Guest motivated students by sharing insights on professional ethics, skill development, and the importance of engineering education in nation building. The orientation programme marked a positive and inspiring beginning of the academic journey for the new batch of students.

STUDENT INTERACTION

with Dr. Suman Kumar, Troy University, USA

The Department of Computer Science, The ICFAI University Tripura, had the privilege of hosting **Dr. Suman Kumar, Professor and Chair, Department of Computer Science, Troy University, USA**, on 20th March 2025. During his visit, Dr. Kumar interacted with students and faculty members, sharing valuable insights on emerging trends in computer science, research opportunities, and global academic practices.

The interactive session motivated students to explore higher studies and research collaborations, and provided exposure to international perspectives in computer science education. The visit proved to be enriching and inspiring for the student community and strengthened the academic connect with international institutions.

WORKSHOP

IBM Quantum Experience - A Quantum Computing Simulation

DATE
11 April, 2025

The Department of CSE & CA successfully conducted an intensive workshop on **"IBM Quantum Experience - A Quantum Computing Simulation."** The session provided students and faculty with a deep dive into the future of computation, moving beyond classical bits into the world of qubits and quantum logic.

We were honored to have **Dr. Dipankar Deb (Assistant Professor, Michael Madhusudan Dutta College, Govt. of Tripura)** as the Resource Person. Dr. Deb led an engaging session demonstrating how to design and execute quantum circuits using the IBM Quantum cloud platform.

INNOVATION CARNIVAL - 2025

The Startup and Incubation Centre, in collaboration with the Department of Computer Science & Engineering, The ICFAI University Tripura, successfully organized Innovation **Carnival-2025** in association with **GeeksforGeeks** on 26th and 27th August 2025. The two-day event aimed to promote innovation, entrepreneurship, and technical skills among students.

The carnival featured interactive sessions, technical talks, and student-driven activities that encouraged creative problem-solving and startup-oriented thinking. The event provided a vibrant platform for students to showcase innovative ideas, interact with industry-oriented communities, and gain exposure to emerging technologies.

TECHATHON X5

The Institution's Innovation Council (IIC) of The ICFAI University, Tripura hosted MeitY Techathon X5, an ideathon programme led by IIM Calcutta Innovation Park (IIMCIP) under the Ministry of Electronics & Information Technology (MeitY), on 29th August 2025.

A total of 31 startup ideas from across Tripura participated in the event, showcasing innovation, creativity, and entrepreneurial spirit. The ideathon provided a competitive platform for aspiring innovators to present solutions to real-world challenges and gain exposure to the startup ecosystem.

ICARIA TECH FEST 2025

- The campus was electrified as the
- Department of CSE & CA hosted **ICARIA**
- **Tech Fest 2025**, our premier annual
- celebration of technology and talent. The
- fest served as a melting pot of ideas,
- bringing together students from across the
- university to compete, collaborate, and
- showcase their technical prowess.

The event featured a diverse lineup of high-stakes competitions, including **Code-Offs**, **Robotics Challenges**, **Technical Quizzes**, and **Gaming Tournaments**. Beyond the competitions, the fest provided a vibrant platform for students to demonstrate their innovative projects and creative problem-solving skills

HACKATHON

State-Level Cyber Security Hackathon

A student team named “**Cryptinities**” from the Department of CSE & CA, The ICFAI University Tripura, participated in a **State-Level Cyber Security Hackathon** organized by the NIT Agartala E-Cell in association with the Directorate of Information Technology, Government of Tripura.

The hackathon featured three major problem domains: **Cybersecurity Hackathon, Open Innovation, and Robot Chatbot Design**, with a total prize pool of **₹30,000**.

Demonstrating strong technical skills and teamwork, the **Cryptinities** team secured **4th position** in the Cybersecurity Hackathon category.

The participation provided valuable exposure to competitive problem-solving, cybersecurity practices, and collaborative innovation, bringing recognition to the university and encouraging students toward practical learning and technological excellence.

MICA-2025

4th International Conference on Advanced Communications and Machine Intelligence

The Department of CSE & CA reached a new pinnacle of academic excellence by hosting the prestigious **4th International Conference on Advanced Communications and Machine Intelligence (MICA-2025)**. This landmark event served as a global stage, bringing together world-renowned researchers, visionary academicians, and industry stalwarts to deliberate on the future of technology.

We were privileged to host a galaxy of eminent personalities, including:

1. **Prof. Anil Dattatraya Sahastrabudhe**, Chairman of NAAC, whose presence highlighted the institutional quality and academic rigor of our university.
2. **Prof. M. S. Obaidat** (University of Jordan), a global icon in computer science, who provided invaluable international perspectives on system security and networking.

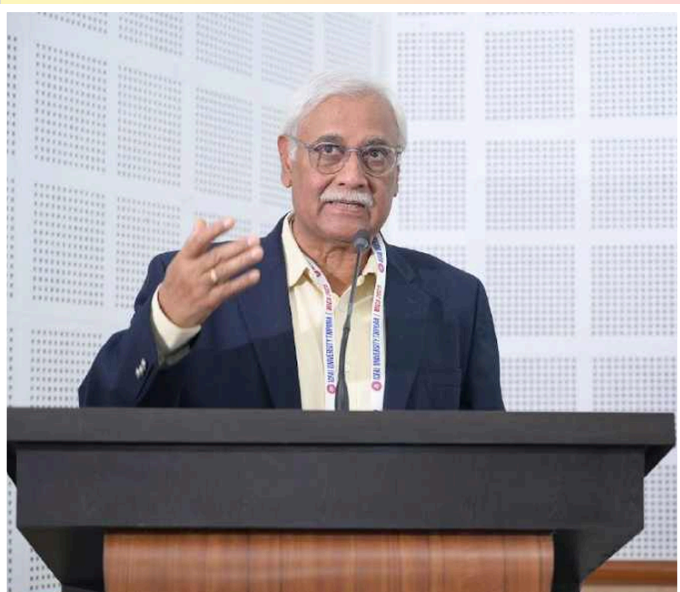

MICA-2025

4th International Conference on Advanced Communications and Machine Intelligence

We were privileged to host a galaxy of eminent personalities, including:

1. **Prof. Anil Dattatraya Sahastrabudhe**, Chairman of NAAC, whose presence highlighted the institutional quality and academic rigor of our university.
2. **Prof. M. S. Obaidat** (University of Jordan), a global icon in computer science, who provided invaluable international perspectives on system security and networking.
3. **Prof. U. B. Desai**, Founding Director of IIT Hyderabad, a pioneer in wireless communication.
4. **Prof. Arun Kumar Pujari**, a distinguished academician renowned for his contributions to Data Mining and AI.

The conference featured high-level keynote addresses and technical sessions.
