National E-Conference
On
“Interdisciplinary Teaching Approaches for Future Learning”
Date: 03/12/2023

About the Conference:

In this dynamic and ever evolving world, teaching approaches must make alterations to prepare the students/learners for the challenges and opportunities for their future. Interdisciplinary Teaching Approaches offers a heartening and promising path towards equipping learners with the skills and knowledge required to thrive in a dynamic and complex environment. We aim to bring together leading academic educators, researchers and research scholars to exchange and share their experiences and research results on all aspects of interdisciplinary teaching approaches for future learning in any educational discipline. It provides a premier multidisciplinary platform for researchers, practitioners, and educators to present and discuss the most recent innovations, trends and concerns, as well as practical challenges, encountered and solutions adopted for the approaches for future learning. Theme of this Conference aims to explore and promote innovative interdisciplinary teaching methods and their impact on future learning.

About the ICFAI University Tripura:

The ICFAI University, Tripura (referred to hereafter as the University) was established in 2004 through an Act of State Legislature (Tripura Act 8 of 2004). The University has been approved by the University Grants Commission, under Section 2(f) of the UGC Act, 1956. The ICFAI University, Tripura is a member of The Association of Commonwealth Universities (ACU), London, UK, Association of Indian Universities (AIU), New Delhi, India, The Institution of Engineers (India) and Association of Management Development Institutions in South Asia (AMDISA), Hyderabad. The University has accreditations of the following regulatory authorities: Bar Council of India (BCI), National Council for Teachers Education (NCTE), Distance Education Bureau (DEB) and NAAC. The University offers Bachelor, Master and Doctoral programs in management, finance, science and technology, information technology, education, law and other areas.

Objectives of the Conference:

- To explore the importance of interdisciplinary teaching approaches addressing real-world problems and fostering critical thinking.
- To share and discuss the implemented/successful studies of interdisciplinary education in various academic settings.
- To discuss the challenges and opportunities associated with implementing interdisciplinary teaching approaches.
- To examine the role of technology and digital tools in facilitating interdisciplinary learning.
- To provide a platform for the foster collaboration among educators, researchers, and policy makers to enhance interdisciplinary education.

Sub Themes:

- Innovative Teaching methods in technology enabled learning
- Modern pedagogical approaches
- Best practices in engaging Outcome Based Learning
- National Policies and Sustainable Practices
- Research Trends in Education for Sustainability
- Impact of AI on Teaching-Learning Environment
- Role of Education in Promoting Sustainability
- Role of Blended/Hybrid Mode for 21st Century Learners
- Experiential Learning
- Relevant Theme Based Approaches

Expected Outcomes:

- Erect awareness and understandings on importance of interdisciplinary teaching methods..
- Sharing implemented studies of interdisciplinary education in various academic settings.
- Circulating and disseminating the research findings and successful practices.
- Identifying the role of technology and digital tools facilitating interdisciplinary learning.

Layout of the Abstract & Full Paper:

Abstracts with a suitable title must be written in English within 250-word limit along with maximum five key words.

Title: A title within 15 words is suggested
