Higher Secondary	Science	TBSE	2016	56.4%
Madhyamik		TBSE	2014	64.6%

Software Proficiency / Other Technical Skills:

- ▶ STAAD.Pro
- ▶ Some basic knowledge about AutoCAD

Projects Undertaken:

- ▶ Project Title: Study The Construction Methodology of TIT International Cricket Stadium, Narsingarh
- ▶ Organization: Ramkripal Singh Construction Pvt. Ltd.

► Duration: 54 Days.

► Location: Narsingarh, West Tripura

► Functional Area: 14 Acres.

► Project Description: After a long wait, Tripura would be getting a cricket stadium of international standard likely by the next two years. The Tripura Cricket Association selected the ground of Tripura Institute of Technology (TIT) to set up the stadium. The 22,500-seat capacity under-construction stadium would be the second largest cricket stadium in the north-eastern region after Assam's Guwahati stadium. The Tripura government has allocated around 14 acres of land to the TCA to construct the stadium. In the under-construction international standard cricket stadium, all latest modern facilities would be available so that international cricket matches could be held here in Agartala. The seven-storied club house, modern lift, and electronic score board are the other features of the stadium. The Chief Minister of Tripura said that with the construction of the stadium, sports, more particularly cricket, would be further developed in the country in general and in the north-eastern states in particular. According to TCA Secretary Tapas Dey, It is an Rs 182 Crore project of which 50 per cent would be borne by BCCI and the rest by TCA. The Ram Kripal Singh Construction Company Private Limited has been entrusted with the project work of the stadium.

The Total Project is divided into six Parts namely:

1) **Main Pavilion:** (G+5) structure with

■ Player Dressing, Museum, Match Officials Conference Rooms

■ V.V.I.P, V.I.P Seating

■ Corporate Boxes & TCA Offices
