- User application: MS-OFFICE (word, excel, PowerPoint)

## **Projects:**

### **Project Title:- *Iris Recognition System on Vehicles***

#### **Project Details:-**

- Vehicle thieving in today's date has become a major problem for the common people.
- To cope with Vehicle thieving problem, the technical society has launched a number of security gadgets for the vehicle.
- Used innovative ideas & knowledge to cope with such problem to provide security from thieves.
- Tool used Camera sensor to scanned the Iris to unlock vehicle.
- Iris recognition system in vehicle is a process used.
- Finger prints can be copied does not work in such case because Iris is having some internal characteristics which is unique for every individual, this System helps to lock the vehicle so that it can't be operated by other person except authorized person.
- Developed siren incase if Iris fails to recognize the thieves for more security.

## **Work Experience:**
